

6154 Homework / Makeup Work

The Governing Board recognizes that meaningful homework assignments can be a valuable extension of student learning time and assist students in developing good study habits. Homework shall be assigned when necessary to support classroom lessons, enable students to complete unfinished assignments, or review and apply academic content for better understanding.

The Superintendent or designee shall ensure that administrators and teachers develop and implement an effective homework plan at each school site. As needed, teachers may receive training in designing relevant, challenging and meaningful homework assignments that reinforce classroom learning objectives. Teachers' expectations related to homework may be addressed in their evaluations.

Age-appropriate instruction may be given to help students allocate their time wisely, meet their deadlines, learn to work independently, and develop good personal study habits.

At the beginning of the school year, teachers shall communicate homework expectations to students and their parents/guardians. Homework guidelines shall also be included in student and/or parent/guardian handbooks. These communications shall include the manner in which homework relates to achievement of academic standards and course content, the impact of homework assignments on students' grades, any school resources and programs that are available to provide homework support, and ways in which parents/guardians may appropriately assist their children.

Although it is the student's responsibility to do most homework assignments independently, the Board expects teachers at all grade levels to use parents/guardians as a contributing resource. When students repeatedly fail to do their homework, parents/guardians shall be notified and asked to contact the teacher.

To further support students' homework efforts, the Superintendent or designee may establish and maintain electronic forums, provide access to school library media centers and technological resources, and/or provide before-school and after-school programs where students can receive encouragement and clarification about homework assignments from teachers, volunteers and/or more advanced students who are performing community service. The Board encourages the Superintendent or designee to design class and transportation schedules that will enable students to make use of homework support services.

Teachers shall review all completed homework to assess the student's understanding of academic content and shall provide timely feedback to the student.

Makeup Work

Students who miss school work because of an absence shall be given the opportunity to complete all assignments and tests that can be reasonably provided. As determined by the teacher, the assignments and tests shall be reasonably equivalent to, but not necessarily identical to, the assignments and tests missed during the absence. Students shall receive full credit for work satisfactorily completed within a reasonable period of time. (Education Code 48205)

The Superintendent or designee shall notify parents/guardians that no student may have a grade reduced or lose academic credit for any excused absence when missed assignments and tests are satisfactorily completed within a reasonable period of time. Such notification shall include the full text of Education Code 48205. (Education Code 48980)

Suspended Students

When a parent/guardian of a student who has been suspended for two or more school days requests homework that the student would otherwise have been assigned, the student's teacher shall provide such homework. If a homework assignment is requested and is turned in to the teacher by the student either upon the student's return from suspension or within the timeframe originally prescribed by the teacher, whichever is later, and is not graded before the end of the academic term, the homework assignment shall not be included in the calculation of the student's overall grade in the class. (Education Code 48913.5)

The teacher of any class from which a student is suspended may require the student to complete any assignments and tests missed during the suspension. (Education Code 48913)
